

**ASME INTERNATIONAL MECHANICAL ENGINEERING
CONGRESS & EXPOSITION**

November 12-18, 2010

Vancouver, British Columbia, Canada

<http://www.asmeconferences.org/congress2010>

GREAT REASONS TO ATTEND THE ASME 2010 CONGRESS

- Showcase your research as part of an extensive technical program with international scientists and engineers from the worldwide R&D community.
- Gauge progress in your area of research specialization.
- Discover new approaches and testing/measurement methods for your area of research.
- Identify potential technological alliances and partnering opportunities.
- Network with engineers with expertise from many mechanical engineering disciplines.
- Experience Vancouver - site of the 2010 Winter Olympics and Paralympics.
