

**THOMAS C. LEPPERT**  
MAYOR

March 10, 2009

***GREETINGS!***

On behalf of the city of Dallas and the Dallas City Council, it gives me great pleasure to extend greetings to the American Society of Mechanical Engineers

The American Society of Mechanical Engineers, (ASME), was founded in 1800 as an organization that promotes the art, science and practice of mechanical and multidisciplinary engineering and allied sciences throughout the world.

The Global Engineering Management Conference,(GEMC), held in Dallas is globally focused on bringing together mid-career engineering managers from targeted industry sectors. The GEMC intends to provide both technical and economical value for those who participate.

I encourage all of our in-town and out-of-town visitors to enjoy our beautiful city and the many fine places and attractions which offer the best entertainment, food and shopping anywhere.

Best wishes on a successful conference!

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Leppert", with a stylized flourish at the end.

Tom Leppert  
Mayor, Dallas
